**Dear Mr. Gatewood:**

**Let me take this opportunity to thank you, on behalf of the Procurement Fair Committee and myself, for your workshop participation at our recent fair in King of Prussia, PA. Your humor, candor, knowledge and insight into the real world of Government contracting were very helpful to our attendees. Many saw pitfalls and opportunities that they didn't realize were there.**

**Time is a precious commodity. Taking the time, from your schedule, to share your experiences with others is a tremendous gift. Thank you for your sacrifices on behalf of our Veteran Owned Businesses.**

**Sincerely,**
